COLBY'S IMPROVED CLOTHES REEL!

IN FOURD THE HEIGHT OF PERFECTION!

AND FACILITY OF OPERATION.

The REVOLVING CLOTHES REEL is becoming of almost universal use, and on the ground of its economy as well as great convenience; for as it is compact it may stand very near the kitches door, and thus save much shoveling of snow in Winter, or waiting through well great at Summer. Secondary, as the wind moves the reel around resulty, the clothes are not anapped out, are tors or worn as when hum on an extended line, and while revolving, all sides of the clothes are turned to the sin, and are thus dried more even and better, and in the Winter much quicker.

While the ordinary frame occupies the most convenient position for use, it will often be bound to come in the path to the Woodshed, Carriage House of Risbers, and to be in the way of drawing wood and passing carriages.

In solvetion has long been seen and felt, benne the various attempts to throw the arms up on higher posts, some by race and pision, some by one device and some by another, while some have built up platforms and the line to reach the frames.

Now turn from this cumbersome, slow moving, inconveniat and rickety process to the

SIMPLE, DURABLE, CHEAP! And easily-operating apparatus we now offer to the public, at the low price of \$5, painted and put up in the yard, all complete.

DIRECTIONS FOR USING. For Sale!

Walking to the post, one take hold of the lever, and pushes it back, when, as if by magic, the arms of the reel uit down directly before the face, so while standing house on it, situated in West Schory Preble equinty, ohio, twenty miles west of Dayton, on the Dayton and Western Rail Road.—The store house is of belak, forty by fifty feet, two stories high, situated right on the Rail Road.—The store house is of belak, forty by fifty feet, two stories high, situated right on the Rail Road.—The dwelling is near the store—a frame cortage, containing five rooms and a porch. I will sell said property very low and upon saay payments. Inquire on the premises, or of D. M. CURTIS.
